

# List of Tables, Figures and Boxes

## Tables

1.1: Access to Water in Africa .....	7
1.2: Access to Sanitation in Africa .....	7
1.3: Access to Potable Drinking Water and Sanitation in Africa.....	8
1.4: Student Access to Toilets in some African Countries.....	10
1.5: Socio-Economic Performance Indicators of Africa .....	11
1.6: Demographic and Social Data of Some Sub-Saharan African Countries .....	12
2.1: Milestones and Targets for the Africa Water Vision 2025.....	33
3.1: Overview of a Number of Indicators, their Aims and the Correct Spatial Scale of their Use.....	41
3.2: List of Minimum Significant Indicators Selected for the First Edition of AWDR.....	41
3.3: An example of indicator values per state on water supply and sanitation as the percentage of people with access to improved drinking water resources and access to improved sanitation facilities .....	46
3.4: Environmental Sustainability Index for Nigeria.....	49
4.1: Hydro-Climatic Sub Regions in Africa .....	52
4.2: Regional Distribution of Water Availability and Withdrawals in Africa .....	53
4.3: Major Characteristics of Principal Rivers in Africa.....	55
4.4: Sub Regional Mean Relative Monthly Distribution of Renewable Water Resources in Selected African Countries .....	55
4.5: Renewable Water Resources in Selected Countries in Africa .....	55
4.6: Renewable Water Resources in Cameroon .....	56
4.7: Dynamics of Water Use, Renewable Water Resources and Water Availability by Sub Region.....	58
4.8: Freshwater Resources and Withdrawals in Nigeria.....	61
5.1: Ranking of African Countries according to the Human Development Index.....	77
5.2: Human Development and Environmental Sustainability Index for Nigeria .....	78
5.3: Global Burden of Disease from Water, Sanitation and Hygiene.....	81
5.4: Reported Deaths from Water and Sanitation-Related Diseases in Nigeria.....	84

5.5: Reported Cases of Water and Sanitation-Related Notifiable Diseases in Nigeria .....	84
5.6: Access to Safe Water in the Democratic Republic of Congo (DRC).....	89
5.7: Access to Water Supply Services-2003 in DRC.....	89
5.8: Access to Sanitation (in thousands of population) in the Democratic Republic of Congo .....	91
5.9: Access to Sanitation Services (in thousands of population) in the Democratic Republic of Congo.....	92
5.10: Some National Water Supply and Sanitation (WSS) Targets.....	95
5.11: Actual and Projected Water Needs for Drinking Supply in Benin.....	95
5.12: Projected Access to Water Supply (in thousands of people).....	95
5.13: Projected Access to Sanitation (in thousands of people) in the Democratic Republic of Congo.....	96
5.14: Projection for Investments to the Horizon 2015 (in thousands of dollars) in the Democratic Republic of Congo.....	96
5.15: Overall and Safe Access to Urban Water Supply in Burundi .....	97
5.16: Overall and Safe Access to Sanitation Coverage in Rural Areas .....	98
6.1: Evolution of Cultivated Lands in Congo .....	106
6.2: Areas of Forest Plantation in Congo .....	106
6.3: Area of Cultivated Land in the Peasant Sector in Congo (hectares).....	106
6.4: Estimated Number of Mammal, Bird and Plant Species in African Countries .....	107
6.5: Trends in Population Size and Growth in Nigeria.....	110
6.6: Major Morphometric Characteristics of Large Natural Lakes in Africa .....	111
6.7: Principal Reservoirs in Africa.....	113
6.8: Indication of Microbiological Quality of Some Water Sources in Cameroon .....	116
6.9: Quality of Surface and Ground Bodies in Congo .....	117
6.10: Water Balance of Large Aquifer Systems in Congo .....	118
6.11: Pressures on Freshwater Ecosystems-The World Outlook .....	
6.12: The World Ecosystem at Risk .....	122
7.1: Adequacy of Urban Water Supply in Selected African Countries .....	129
7.2: Production Characteristics of City Water Utilities in Some African Countries .....	134
7.3: Unavoidable Annual Real Losses (UARL) in litres/service connection/day for customer meters located at the edge of the street.....	136
7.4: Dynamics of Unaccounted-for Water .....	140
7.5: Urban Cities Demographic Growth in Million Persons .....	140
7.6: Number of Local Governments in Nigeria by State .....	142

7.7: The Projected Urban Water Demand .....	143
7.8: Percentage Distribution of Households by Source of Drinking Water and by State .....	144
8.1: Indicators of Food Security in Burundi .....	150
8.2: Performance of the Agricultural Sector in Nigeria.....	153
8.3: Output of Main Agricultural Products in the Democratic Republic of Congo (tons/hectares) .....	154
8.4: Agricultural Production in Cameroon from 1996-1999 .....	154
8.5: Statistics of Food Production in Burundi.....	155
8.6: Average Supply of Fish and Fishery Products, 1988-1990.....	156
8.7: Evolution of Meat and Fish Consumption in the Republic of Congo .....	157
8.8: Sub-Saharan African Livestock Population, 1994 (selected countries and animals) .....	158
8.9: Some Sources of Food Nutrition in Africa.....	159
8.10: Specific Nutrients found in the Major Plant Groups .....	159
8.11: Actual and Projected Irrigation Areas on Burundi (hectares).....	161
8.12: Estimated Net and Gross Irrigation Water Requirement in Cameroon .....	162
8.13: Sub Regional Distribution of Water Management Methods in Africa .....	163
8.14: Sub Regional Distribution of Main Irrigated Crops in Africa (partial information).....	164
8.15: Dynamics of Irrigation Water Demand in Burundi .....	165
9.1: African Regional Primary Energy Consumption, Production and Net Exports, 1997.....	176
9.2: Surplus Generating Capacity in Southern Africa in 2000 .....	184
10.1: Bulletin on the ITCZ.....	190
10.2: Potential Natural Hazards in Africa .....	193
10.3: The Most Deadly Natural Disasters of the 20 <sup>th</sup> Century in Africa.....	197
11.1: Some Major Transboundary River/Lake Basins of Sub-Saharan Africa with Catchment Area in Excess of 100,000 km <sup>2</sup> .....	210
11.2: Types of Management Instruments.....	211
11.3: Some Intercountry Water Agreements and Treaties in Sub-Saharan Africa .....	224
11.4: Some Basic Features of Existing Transboundary River/Lake Basin Organizations in Africa .....	225
12.1: The New Water Tariff System of Addis Ababa .....	237
12.2: Level of Costs Recovery: Situation in 1986 and 1987.....	243

14.1: Prevailing Types of Water Resources Institutions in Some African Countries .....	292
--	-----

## Figures

1.1: Annual GDP Growth Rates during IWSSD by Sub Region .....	10
1.2: Dynamics of GDP Growth in Africa .....	22
3.1: Water Poverty Index for Africa .....	47
4.1: Mean Position of the ITCZ .....	51
4.2: Mean Annual Runoff – Africa .....	54
4.3: Major Groundwater Withdrawals in Africa .....	57
4.4: Mean Annual Renewable Water Resources for Africa and Sub Regions.....	59
4.5: Water Withdrawals as a Percentage of Internal Renewable Water Resources .....	60
4.6: Water Availability Per Capita (1961-1990) .....	62
4.7: Estimated Extreme Water Stress in African Countries (1961-1990 average).....	63
4.8: Projected Mid-Year Population of African Countries .....	64
4.9: Water Stress and Water Scarcity in the Year 2025 .....	65
4.10: Projected Annual Population Growth Rate by Sub Region (2003-2050) .....	66
4.11: Dynamics of African Population Growth by Sub Region .....	67
4.12: Industrial Organic Pollutants Per Available Freshwater .....	68
4.13: Per Capita Availability of Water in Different River Basins in Cameroon in 2000 and 2050.....	69
4.14: Renewable Water Resources by Country in Africa (all figures in km <sup>3</sup> /yr.) .....	70
5.1: African Population Growth 1994/2004 by Sub Region .....	76
5.2: Distribution of Malaria Infection in Africa .....	79
5.3: Water Supply Coverage .....	88
5.4: Global Distribution of Unserved Population with Water Supply and Sanitation.....	90
5.5: Sanitation Coverage in Africa .....	91
5.6: Water Supply and Sanitation Access Disparity in Some African Countries.....	92
5.7: Urban-Rural Disparity of the Proportion of the Population Unserved with Adequate Water Supply and Decent Sanitation in Cameroon .....	93
5.8: Actual and Target Water Supply and Sanitation Coverage.....	94

6.1: Sub Regional Population Density .....	110
6.2: Water Availability and Freshwater Stress and Scarcity .....	114
6.3: Threatened Animal Species by Sub Region in Africa.....	124
7.1: Urban Population Growth by Sub Region in Africa.....	127
7.1: Adequacy of Water Supply Coverage .....	130
7.3: Domestic Consumption Evolution.....	141
7.4: Industry and Commerce Consumption Evolution.....	141
8.1: Total Marine Fish Catch Per 1000 People.....	157
8.2: Water-managed Areas as Percentage of Irrigation Potential .....	160
9.1: Africa Commercial Energy Consumption in World Context, and as a Per Cent of World Total, 1970-2020 .....	169
9.2: Traditional Fuel Consumption as a % of Total Energy Use .....	170
9.3: Ratio of Fossil Energy to Total Energy Consumption by Country .....	171
9.4: Electric Generation Ability of Some Countries .....	172
9.5: Ratio of Hydroenergy Production by Country .....	172
9.6: Per Capita Consumption of Oil in Selected Countries .....	173
9.7: Per Capita Energy Production by Country .....	174
9.8: Energy Consumption per Dollar of GDP/Energy Consumption per Capita Graphs .....	176
9.9: Carbon Emissions by Fuel Type in Africa .....	178
10.1: Map of Africa Showing Various Climatic Areas .....	185
10.2: Africa Intertropical Convergence Zone.....	189
11.1: Transboundary River Basins in Africa .....	209
12.1: Issues Involved in Water Demand Management .....	238
12.2: The Evolution of the State Budget from 1985-1992.....	241
12.3: Drinking Water Sub-Sector Investment Distribution, 1992 .....	242
12.4: Sanitation Sub-sector Investment Distribution, 1992.....	242
12.5: Hydroelectricity Sub-Sector Investment Distribution, 1992.....	242
12.6: Fish Resources Sub-Sector Investment Distribution, 1992.....	243
13.1: Ratio of the Number of Primary School Children of Official School Age.....	256
13.2: Secondary School Net Enrolment Ratio .....	257
13.3: Government Education Expenditure (% of GDP, 1990-1999) .....	258
13.4: Number of Radios per 1000 People Within a Country.....	272
13.5: Per Capita Number of Television Sets by Country.....	273
13.6: Number of Internet Providers in African Countries.....	279

13.7: Number of Internet Users Within a Country .....	281
15.1: Improved Water Supply Target in Africa by 2015 .....	300
15.2: Improved Sanitation Targets in Africa by 2015 .....	302

## Boxes

1.1: Africa Water Vision Messages .....	23
2.1: Vision Messages for a Water Secure World.....	32
2.2: Ministerial Declaration – The Main Challenge.....	32
3.1: Criteria for the Selection of Indicators.....	40
3.2: International Development Targets Met .....	44
5.1: African and International Water Supply and Sanitation Targets.....	94
6.1: Ghana Raw Water Quality Criteria and Guidelines Launched.....	119
6.2: Pollution Control – The Ethiopian Experience.....	120
7.1: Slums of Kisumu, Kenya .....	138
7.2: Domestic Water Purification for Small Settlements in Zambia .....	139
8.1: Food Security Targets in the Democratic Republic of Congo.....	161
9.1: Choose Between New Energy Source or Desertification .....	179
10.1: Latest Text Summary of the Intertropical Convergence Zone over Africa.....	190
10.2: Floods have ravaged much of Mozambique .....	191
11.1: Guiding Principles in Water Resources Management.....	213
11.2: Emerging Principles Underlying Management of International Water Resources.....	214
13.1: Hydrology as a Physical Science .....	248
13.2: Scientific Basis of International Cooperation.....	260
13.3: Bringing Research Near the People .....	264
13.4: The German GLOWA Research Cooperation Programme .....	266
13.5: Some of the most Diffused International Water-Related Journals and Bulletins.....	267

13.6: IWRM Initiative: Postgraduate Training Course for Sub-Saharan Africa – 2002/2003 .....	282
13.7: Case Studies on African Water Issues.....	283
14.1: Advantages and Disadvantages of Centralized Institutional Framework.....	296
14.2: Statement of the African Ministerial Council on Water (AMCOW).....	297
