African Development Topics = Thèmes sur le développement en Afrique (ISSN 1813-1840).  
Compiled 2 times per year by the Library of the United Nations Economic Commission for Africa ,  
P.O. Box 3001, Addis Ababa, Ethiopia.

The first issue of African Development Topics was published in 2004 and focused on Governance for a Progressing Africa. The publication includes bibliographic citations of items currently received in the UNECA Library and features a bibliographic abstract and review. Subsequent issues deal with various emerging topics of African development concerns.

## PREFACE

**African Development Topics** is a bibliographic journal issued two times per year by the Library of the United Nations Economic Commission for Africa (ECA). It marks a further step to expand our activities by offering more value-added and timely information and knowledge services to users. The release of this publication is part of our overall initiative to promote knowledge sharing within the ECA and member States, by presenting current materials in the collection that can be used to further research activities under the development agenda.

Each issue of African Development Topics focuses on a topic of current interest to the ECA, to assist staff in selecting appropriate materials for their research. The current issue, which focuses on **Information as an Economic Resource**, comprises forthcoming meetings, forums, programmes or other initiatives being undertaken by the ECA Divisions. We welcome suggestions as to topics we can highlight in future issues, and we will do our best to accommodate user requests.

In addition to providing value-added bibliographic features, African Development Topics combines and replaces the Library's previous bibliographic outputs: ECA-in-print, Index to Official African Publications, Africa Index and New Acquisitions, which ceased publication in December 2003. However, this output continues to present the current monographs, periodical articles, titles of series and occasional papers, ECA and other UN publications as well as official government publications that were included in the discontinued outputs.

In order to consult the bibliographic records with greater ease, bilingual descriptor terms selected from the United Nations Bibliographic Information System (UNBIS) thesaurus have been used to describe the subject contents. The bibliographic records can be accessed through the subject, author and geographic indexes located at the end of the publication.

African Development Topics is designed to serve the research needs of ECA staff members, other researchers and policymakers. In order to help us better serve these needs, we would appreciate any feedback you may have. Please send all comments or questions to [ecalibadmin@uneca.org](mailto:ecalibadmin@uneca.org).

We hope you find this publication to be useful to your research needs.

## PREFACE

**Sujets sur le développement en Afrique** est une revue bibliographique publiée deux fois par an par la Bibliothèque de la Commission Economique pour l'Afrique (CEA). Cette revue représente une étape supplémentaire vers l'expansion de nos activités, qui visent à offrir à nos utilisateurs des services à valeur ajoutée relatifs à l'information et aux connaissances. Cette publication fait partie de l'initiative globale de la bibliothèque pour favoriser le partage des connaissances parmi les membres de la CEA et des Etats membres, en présentant le matériel actuel de la collection consacré à l'avancement des activités de recherches sur le développement.

Chaque numéro donne une revue bibliographique détaillée d'un thème d'actualité à la CEA, pour aider le personnel à choisir le matériel approprié pour leurs recherches. Cette édition, **Information en tant que ressource économique**, est fondée sur les réunions, forums, programmes ou autres initiatives à venir, entrepris par les divisions. Les suggestions des membres du personnel quant aux sujets qu'ils voudraient voir traiter dans de prochains numéros sont les bienvenues, et nous ferons de notre mieux pour répondre à ces demandes.

Au-delà des dossiers bibliographiques à valeur ajoutée, Sujets sur le développement en Afrique combine et remplace les revues bibliographiques précédentes de la bibliothèque. Cette revue se substitue à Publications de la CEA, Index des Publications Officielles Africaines, Catalogue Afrique et Nouvelles Acquisitions, dont les publications ont été interrompues en décembre 2003. Cependant, cette revue continue à présenter et énumérer les titres des monographies, des articles de journaux, des documents en série ou hors série, des publications provenant de la CEA ou d'autres organisations des Nations Unies ainsi que des documents officiels gouvernementaux offerts par les revues discontinuées.

Afin de consulter plus facilement les titres, des descriptions bilingues tirées du thesaurus du système d'information bibliographique des Nations Unies (UNBIS) ont été utilisées pour décrire le contenu des articles et des documents. De plus, vous pouvez accéder aux titres en utilisant les indexes par sujets, auteurs et zones géographiques, situés en fin de publication.

Sujets sur le développement en Afrique a été créé pour répondre aux besoins en recherche des membres de la CEA, d'autres chercheurs et des décideurs. Afin de mieux vous aider, nous apprécierons vos commentaires sur la publication. Vous pouvez envoyer vos commentaires ou vos questions à l'adresse suivante : [ecalibadmin@uneca.org](mailto:ecalibadmin@uneca.org).

Document summary : This document has been prepared by ECA with assistance from IDRC and UNESCO for the [African Development Forum](#) held in October 24-28, Addis Ababa, Ethiopia. The document is the first attempt to collect and disseminate information on the ICT sector for the 53 countries of the African region. Thus, the document is to be regarded as a draft against which efforts are continuing to refine and update the information contained in this first compilation. None of the statements referring to member States are to be regarded as the position of the Economic Commission for Africa. The maps are included only for the convenience of the reader and have no political significance (*from website*).

Résumé : Ce document a été préparé par la CEA avec la participation du CRDI and de l'UNESCO à l'occasion du [Forum pour le développement africain](#) qui a eu lieu à Addis Abeba, Ethiopie, du 24 au 28 Octobre 1999. Le document est une première tentative de collecte et de dissémination de l'information sur le secteur des TIC de 53 pays africains. De ce fait, le document doit être considéré comme une ébauche sur la base de laquelle les efforts continuent à être déployés en vue de raffiner et de mettre à jour l'information contenue dans cette première compilation. Aucune des déclarations se rapportant aux Etats membres ne doit être considérée comme étant la position de la Commission économique pour l'Afrique. Les cartes y sont incluses pour les besoins du lecteur et n'ont aucune connotation politique (*du site web*).
