

ROADMAP TO TURNING AFRICA'S MINERAL WEALTH INTO SHARED PROSPERITY

FOUR BUILDING BLOCKS

Green minerals

Knowing what Africa holds and adding value to it.

The AfCFTA

Using one continental market to give African industries scale.

Regional value chains

Linking mining, processing and manufacturing across borders.

Domestic resource mobilization

Keeping more of the value and revenue from minerals in Africa to finance its own development.

TOGETHER THEY LEAD TO

Accelerated, inclusive and sustainable industrialization
