

Follow-up on the first Global Stocktake

Session 3: Reflecting on the first Global Stock Take (GST) outcome, what next for Africa?

Fifth Africa Climate Talks

Climate change and development in Africa: a critical inquiry into third generation NDCs (NDC 3.0) and just transitions for Africa

22 April 2024

Annett Moehner

Manager, Intergovernmental Support and Collective Progress, UNFCCC

GST within the Paris Agreement

Paris Agreement Goals

Mitigation

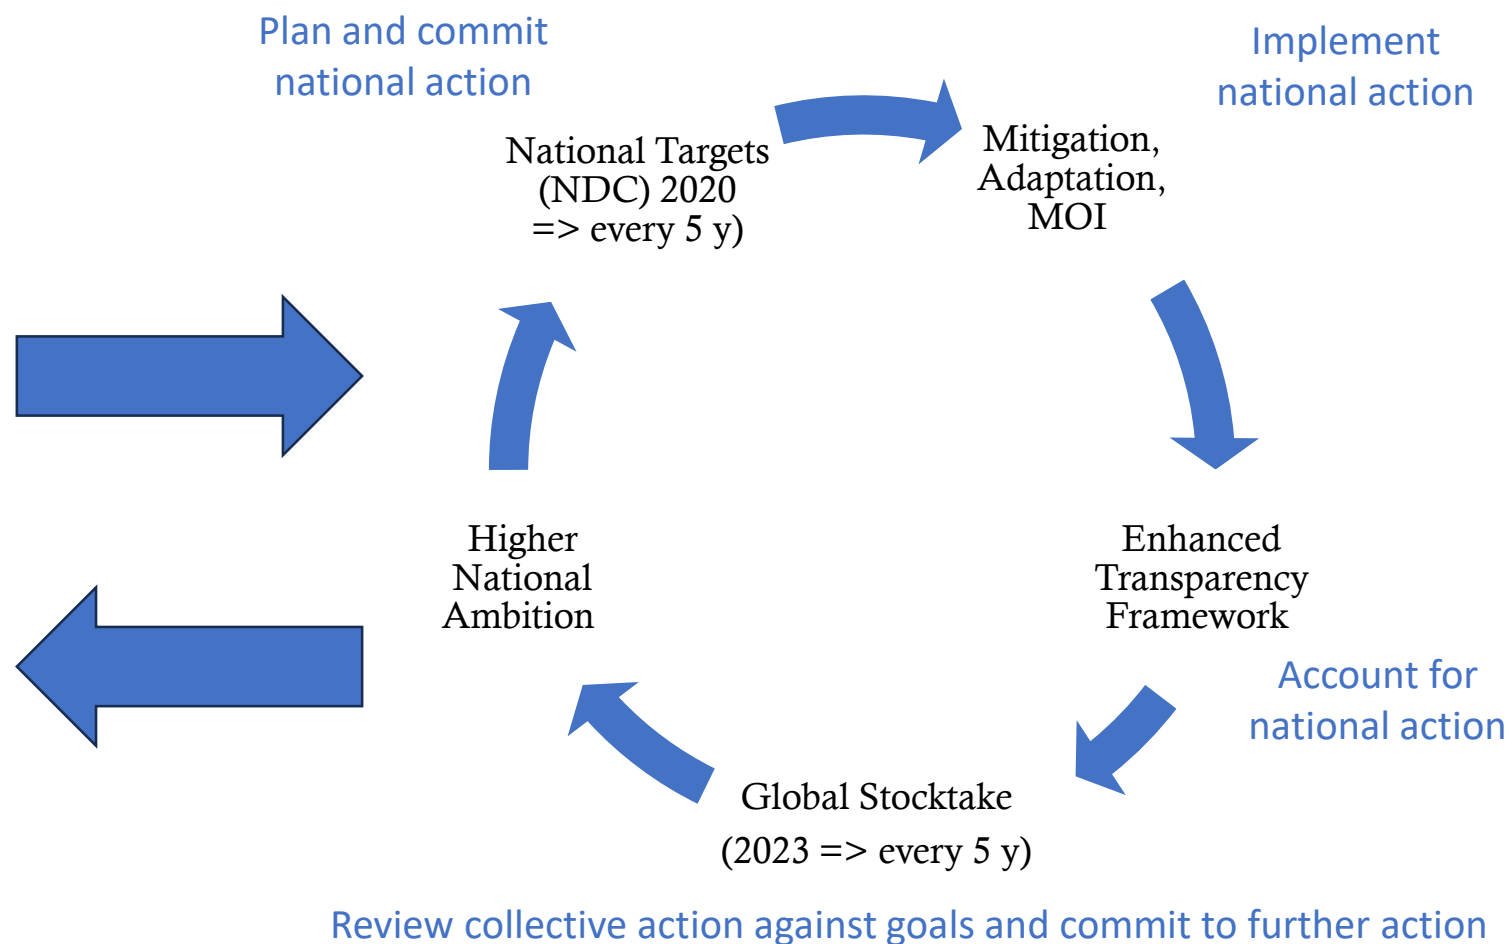

keep temperature increase to well below +2 /1.5 degrees C

Adaptation

increase the ability to adapt and foster resilience

Finance flows consistent with path to low GHG emissions and resilient development

Ambition Cycle

Overview of the GST outcome

GST Decision text 1/CMA 5

Collective progress and informing action and support

Mitigation: Keep 1.5° in reach, Urgent deep GHG emissions reduction, Transitioning away from fossil fuels, Tripling renewable energy, doubling energy efficiency, Halting deforestation and forest degradation, Encourage economy wide NDCs

Adaptation: Incremental, multisectoral and transformational actions, universal Early Warning Systems, adaptation targets to reach global goal on adaptation, Enhance national adaptation plans and adaptation communications

MOI: Scaling up mobilization, \$100bn commitment, doubling adaptation finance, support NCQG, Technology Implementation Programme, Capacity building support

Avert and minimize **loss and damage**,
Data management

Advances **Just transition and consideration of response measures**

International cooperation

Guidance and way forward

- Dialogues on **GST, Finance, Mountains and Children**
- Revised **NDC and LT-LEDS**
- **UN SG Event**
- Communicating BTRs
- **Mainstreaming GST Outcomes**

Crosscutting: urgency for action, equity and best available science, sustainable development

Follow-up to the GST

Enhancing action and support

- Parties shall provide information on how the preparation of their NDCs has been informed by the outcomes of the global stocktake
- Parties invited to put in place new or intensify existing **domestic arrangements** for preparing and implementing their successive NDCs
- **Parties and non-Party stakeholders urged to join efforts** to accelerate delivery through inclusive, multilevel, gender-responsive and cooperative action
- **Parties invited to take into account good practices and opportunities identified during the technical dialogue in enhancing their actions and support**
- Invitation to **organizations in a position to do so, Paris Committee on Capacity-Building and the secretariat**, including through its regional collaboration centres, **to provide capacity-building support for the preparation and communication of the NDCs**
- **Technology implementation programme**

Follow-up to the GST

International cooperation at political and technical level

- CMA under the guidance of the **COP28, COP29 and COP30 Presidencies: Launch Road map to Mission 1.5 to significantly enhance international cooperation and the international enabling environment** to stimulate ambition in the next round NDCs
- **Annual global stocktake dialogue** starting at SB 60 to facilitate the sharing of knowledge and good practices on how the outcomes of the global stocktake are informing the preparation of Parties' next NDCs and a report for consideration at subsequent CMA session (para 187)
- **UAE dialogue on implementing the global stocktake outcomes** (para 97)
- Expert dialogues on **mountains** and climate change as well as on **children** and climate change at SB60

Relevant activities feeding into the follow-up to the GST

- **Mitigation work programme**
- **Just transition work programme**
- **UAE – Belém work programme on indicators** for measuring progress achieved towards the targets of the UAE framework for global climate resilience

Thank you
