# YOUTH AS DRIVERS OF SDGs IN AFRICA

The face of Africa is young and, in many countries, female. We acknowledge the progress made by some countries towards achieving some SDGs however more needs to be done to ensure no youth is left behind when it comes to health, education and gender equality.

In this session we will showcase how youth are contributing to SDGs and explore ways of enhancing collaboration and meaningfully involving youth at all levels.

Join IPPF Africa Region in collaboration with youth, IPPF AULO, RHRN platforms, Education as A Vaccine, FEMNET, Youth Advocates Ghana.
